📍 Rustenburg • Online Tutoring

Dear Parent / Guardian

Thank you for your interest in INSPIRED. It is my joy to support learners in mastering Grade 10–12 Physical Sciences with confidence and clarity.

At INSPIRED, every learner receives targeted, personalised support. Whether in a group or individual setting, lessons are designed around the learner's needs, the topics they request, and the areas where they require the most guidance. I specialise in preparing learners for tests, examinations, and NSC rewrite preparation, and I am fully qualified and experienced in both CAPS and IEB curricula.

What I Offer:

- Individual lessons • In-person in Rustenburg — R350 per hour • Online (South Africa & international) — R300 per hour
- Group lessons • R100 per learner per hour • Minimum of 6 learners required to form a group • Ideal for learners from the same school or grade • Focus on difficult concepts and exam preparation

How I Tutor:

- Each lesson is planned for the individual learner's needs
- I cover any topic the learner requests
- Strong focus on exam technique, understanding, and application
- Support for NSC rewrite candidates
- CAPS-aligned teaching with IEB experience

Payments:

Payments are due at the **BEGINNING OF EACH MONTH** to secure your lesson slots.

If you would like to book lessons or request more information, please feel free to contact me. I look forward to helping your child grow in confidence and succeed in Physical Sciences.

Kind Regards

Chrisna
